Dear Parent/ Guardian,

**EAGLETS Programme for P1 to P5 students**

During the circuit breaker, all students have undergone home-based learning (HBL) to ensure that learning continues despite disruptive times. Many parents and teachers affirm that HBL can be beneficial in promoting more independent and self-directed learning among our students. At MOE, there are plans to normalise HBL in schools in the near future.

As a school, we strive to inculcate independence in learning among our students. As such, we plan to launch the **EAGLETS (Empowering All Growing LEarners To Soar) Programme** starting from Term 3 Week 7. There are two parts to the programme, namely – EAGLETS Day in School and EAGLETS Day at Home. Please refer to the schedule on the next page.

During **EAGLETS Day in School**, students will report to school as usual. They will be assigned learning packages and assignments to be completed independently, under the guidance of subject teachers. They will also be taught self-learning skills like goal-setting, time management, and sourcing for information. As such, every student will be loaned one laptop on each EAGLETS Day in School to aid self-learning. School reporting time, recess time and dismissal time remain the same.

Each year, P1 to P5 students stay at home during the PSLE Oral and LC exams and the marking week. On these affected days, students are normally supplemented with revision work. As students are more equipped through the EAGLETS Days in School, parents can expect their children to better manage their own learning at home. **EAGLETS Day at Home** will therefore complement our students' learning in school. Instructions for the home-based lesson packages will be given on Students' Learning Space (SLS). Students without laptops can loan them from school.

If you need further clarifications, please approach your child/ward's form teacher or the Year Heads. Thank you for your kind attention.

Yours faithfully,

Mrs Lee Hui Feng
