C. Attendance and Punctuality

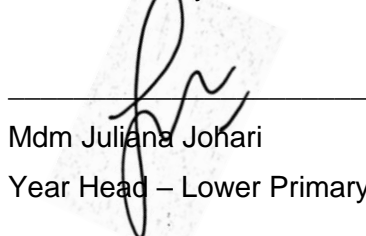

Students who attend school regularly are more likely to adjust better and do well in school. Irregular attendance will affect a child as he/she may not be able to keep up with daily lessons and assignments. Should your child/ward be unwell, do consult a doctor and hand in the medical certificate to the teacher on the day when he/she returns to school. Do note that any absences that are not covered with a medical certificate or categorised under 'Approved Absences' will be recorded as absence with no valid reason.

Students are reminded to report punctually by 7.25 a.m. every day. We seek your partnership in instilling in our students the value of punctuality as it is a life skill. Punctuality also reduces anxiety and helps a child feel good to start the day. Do note that should your child/ward be late for at least five times, he/she will receive a notice which may result in higher consequences if your child/ward persists to be late subsequently.

During the HBL lessons at home, please log into SLS for the assignments and tasks.

Thank you for your continued support.

Yours sincerely,

Mdm Juliana Johari
